customise workflow to maximise productivity

Greater workloads. Fewer resources. Less time. Your business challenges are constantly changing, so choose the Lanier MP4002SP/MP5002SP digital imaging system to stay ahead of the competition. The services-led platform of the 40 ppm and 50 ppm black-and-white multifunctional devices offer a customisable control panel, access to cloud-based solutions and support for user mobility with secure mobile printing capabilities.

The powerful Lanier MP4002SP/MP5002SP combines advanced copy, print, scan and fax capabilities in a sleek, intuitive design to streamline everyday document management tasks and enhance office productivity. Advanced Device Management, integration with Lanier workflow solutions and customised interactivity support your unique business requirements. In addition, you can easily integrate the system into a Lanier Managed Document Services (MDS) strategy for productive, cost-effective performance throughout your enterprise.

high performance black-and-white document handling

Taking office productivity to a whole new level

The powerful, black-and-white multifunctional Lanier MP4002SP and MP5002SP raise the bar for office productivity. Upgradeable and customisable, they combine straightforward document and device management with high performance and simple operation. In addition, various scanning possibilities enable you to communicate information throughout your office in a snap.

MP4002SP

- High output speed: 40 ppm
- User-friendly operation
- Wide range of customisation possibilities
- Variety of finishing options
- Standard colour scanning
- Scan to/Print from USB/SD media slot

MP5002SP

- Maximum productivity at 50 ppm
- Straightforward and intuitive
- Unique and custom-made
- Versatile finishing
- Standard colour scanning
- Scan to/Print from USB/SD media slot

run your business efficiently, today and tomorrow

Exceptional productivity

Your meeting starts in 5 minutes and you still need to create a few copies of an extensive report. The Lanier MP4002SP and MP5002SP give your productivity a boost and set your mind at ease. They produce output at a rapid 40/50 pages per minute, with equal duplex speeds. Waiting time is further minimised with a fast 19-second warm-up and a first copy speed of 4.1/3.5 seconds.

Multifunctional wizards

Printing, copying, faxing or scanning, all can be done from one office device. Network connectivity is wide, so these office hubs can be smoothly integrated into your existing network. They come with all the tools for efficient document management and advanced device monitoring. The handy 'mail to print' feature, for instance, directly prints out e-mail attachments without requiring a printer driver.

Tailor-made efficiency

The MP4002SP and MP5002SP can be customised to your exact requirements. Build the system that perfectly suits your needs.

To meet both your current and future demands, upgradeable office equipment is essential. The Lanier MP4002SP and MP5002SP help you stay on top of the game. They are fully customisable and offer numerous benefits to increase your productivity.

- All-in-one: print, copy, scan and fax from one device.
- High productivity at 40/50 black-and-white pages per minute.
- Standard paper-saving duplex capability.

Automatic Stackless Duplexing

Produces two-sided booklets, brochures and more while reducing paper usage by half.

Document Server (Standard on Print/Scan configuration)

Stores up to 3,000 frequently used documents for instant reprinting, refaxing or redistribution.

smart tools to optimise your entire workflow

Creating an efficient office workflow entails more than making a simple copy or print out. That is why the Lanier MP4002SP and MP5002SP focus on user-friendly operation and professional finishing. Easy document distribution and advanced security have been thought of as well. Everything you need to stay in the lead for years to come.

Unique colour scanning & distribution

Save time and costs by distributing your information digitally. Send scanned files directly by e-mail or to a dedicated network folder. Or reduce network traffic with 'scan to URL'. The Lanier MP4002SP and MP5002SP take distribution even further. Send colour documents as e-mail attachments by combining 'scan to e-mail' and 'colour scanning'.

Professional faxing

- Automatically distribute incoming faxes to e-mail or folder.
- Transmit faxes directly from the convenience of your own PC (LAN fax).
- Reduce costs by using the Internet for long distance faxing (Internet fax).
- Virtually eliminate the costs of sending (long distance) faxes by transmitting fax data over the IP/VoIP network (IP fax).

Essential security

To protect your business, the Lanier MP4002SP and MP5002SP are equipped with state-of-the-art security measures. These include data encryption, IP filtering and various types of authentication. The Data Overwrite Security Unit erases the temporary data on the Hard Disk Drive. Documents protected with a watermark are greyed out when copied on devices with the Copy Data Security Unit.

optimise production, distribution, security and document management in one easy-to-use system

100-Sheet Automatic Reversing Document Feeder (ARDF)
Handles multi-page and double-sided originals up to A3.

Intuitive Programming
The user-friendly, adjustable control panel includes a customisable Home Screen to minimise steps and expedite operations.

100-Sheet Stack Bypass
Holds a range of paper types and weights up to 216 g/m².

Dual 550-Sheet Paper Trays
Increases productivity and efficiency by reducing paper reloads.

Two 550-Sheet Tray Paper Bank (Optional)
Holds up to five different sizes and orientations of paper for maximum versatility.

2,000-Sheet (A4) Large Capacity Tray (Optional/Not Shown)

Over/Underhand-Grip Tray Handles and Easy-Open Trays
Ensures effortless paper loading for all users.

Large Capacity Tray (Optional)
Contains an additional 1,200 A4 sheets to maintain operations with minimal user intervention during large jobs.

Lanier MP4002SP/MP5002SP Main Unit

Maximise productivity with 40/50 ppm/cpm output speeds, 600 x 600 dpi image quality and support for media up to 216 g/m². Standard paper sources include two 550-sheet trays and optional paper sources, increasing total capacity to 4,400 sheets. Enhance performance with optional faxing.

Easy-to-Replace Toner Cartridge

Ensures quick replacement of toner and minimises maintenance time.

new quality and convenience

Expert finishing

For that professional touch, the Lanier MP4002SP and MP5002SP put a range of finishing options at your disposal. Simply add the 1,000-sheet finisher or 3,000-sheet finisher and produce your own presentation material, reports and handouts. High quality booklets are easily created with the 2,000-sheet booklet finisher.

Easy operation

- The 8.5-inch full colour touch panel provides increased usability and accessibility.
- The simplified display shows only your most frequently used functions.
- In case of irregularities, animated user guidance helps you find a quick solution.
- The easy handling paper trays facilitate replenishing paper.

Wide media versatility

The MP4002SP and MP5002SP support a variety of paper formats from B6 to A3. You can even print on thick paper up to 220 g/m² to create report covers and flyers. The vast maximum paper capacity of 4,400 sheets makes sure you can effortlessly handle larger jobs. No need to waste time on continuous refills.

At the forefront of eco care

Like all Lanier products, the MP4002SP and MP5002SP reflect Lanier's commitment to the environment through:

- The usage of toxic free materials,
- Energy-saving toner production,
- Standard paper-saving duplex capability,
- Extremely low power consumption,
- Clean and quiet operation.

Main Specifications

COPIER

Copying process:	Single laser beam scanning & electro-photographic printing
Copy speed:	40/50 copies per minute
Resolution:	600 dpi
Warm-up time:	19 seconds
First output speed:	4.1/3.5 seconds
Memory:	Maximum 1 GB + 128 GB HDD
Paper input capacity:	Maximum: 4,400 sheets
Paper output capacity:	Maximum: 3,625 sheets
Paper size:	A5 - A3
Paper weight:	52 - 220 g/m ²
Dimensions (W x D x H):	670 x 766 x 1155 mm
Weight:	Less than 97 kg
Power source:	220 - 240 V, 50 - 60 Hz
Power consumption:	Operation: Less than 1.55 kW

PRINTER

Print speed:	40/50 prints per minute
Printer language:	Standard: PCL5e, PCL6 Option: Adobe® PostScript® 3™, IPDS Maximum 600 x 600 dpi
Resolution:	Standard: USB 2.0, Ethernet 10 base-T/100 base-TX, Option: IEEE 1284/ECP, Wireless LAN (IEEE 802.11a/g, WPA support), Bluetooth, Gigabit Ethernet
Interface:	TCP/IP (IPv4, IPv6), IPX/SPX, AppleTalk
Network protocol:	Windows® 2000/XP/Vista/7/Server 2003/ Server 2008, Novell® NetWare® 3.12/3.2/4.1/4.11/5.0/5.1/6/6.5, UNIX Sun® Solaris 2.6/7/8/9/10, HP-UX 10.x/11.x/11iv2, SCO OpenServer 5.0.6/5.0.7/6.0, RedHat® Linux 6.x/7.x/8.x/9.x/Enterprise, IBM® AIX v4.3/5L v5.1/5L v5.2/5.3, Macintosh 8.6 or later (OS X Classic), Macintosh X v10.1 or later (OS X native), SAP® R/3® (3.x or
Supported environment:	later), mySAP ERP2004 or later, NDPS Gateway Network 5.1 (SP8 or later)/6.0 (SP5 or later)/ 6.5 (SP3 or later), IBM® iSeries / AS/400 using OS/400 Host Print Transform

SCANNER

Scan speed:	Full colour : Maximum 31 ipm B/W: Maximum 61 ipm Maximum 600 dpi (TWAIN: 1,200 dpi)
Resolution:	A5 - A3
Original size:	Network TWAIN
Bundled drivers:	SMB, TCP/IP
Scan to e-mail:	SMB, FTP, NCP protocol (with login security)
Scan to folder:	

SOFTWARE SOLUTIONS

SmartDeviceMonitor™, Web SmartDeviceMonitor™, Web Device Monitor, DeskTopBinder™ Lite

FAX (OPTION)

Compatibility:	ITU-T (CCITT) G3, ITU-T (T.37) Internet Fax, ITU-T (T.38) IP Fax
Modem speed:	Maximum: 33.6 Kbps
Scanning speed:	62 spm (A4/SEF)
Memory capacity:	8 MB standard
Memory backup:	Yes

OTHER OPTIONS

2 x 550-sheet paper trays, 1,200-sheet LCT, 2,000-sheet LCT, 125-sheet one-bin tray, 1000-sheet finisher, 3000-sheet finisher, 2000-sheet booklet finisher, 2/4 switchable hole punch, Bridge unit, Copy Data Security Unit, File format converter, Browser unit, Key counter bracket, Counter interface unit, 2nd Super G3 port, Console, Professional software solutions.
