LANIER

designed to make life easier

Intuitive operation panel

The operation panel is easy to customise and displays your personal home screen with all your own preferences and settings, it even tilts for better ergonomics. The home button is an easy way to get back to the main screen, and an integrated USB/SD slot lets you work directly from an external source.

Enhanced internal controller

Manage your operation costs by setting quotas per user group or individual. Combining high throughput with sustainability, the controller also features an Eco-Friendly indicator that shows the paper settings history for more efficient usage. The USB/SD slot allows the easy printing of PDF, JPEG and TIFF files.

Advanced fusing system

Less creases and wrinkles when printing out envelopes, due to the advanced fusing system. Environmentally conscious, the fusing system supports a lower recovery time from sleep-mode to operation. Adding to lower TEC (typical electricity consumption) values, which also means less impact on the environment.

Maximum security

Passwords and user authentication prevent unauthorised printing or copying of documents. CC Certification, PDF/A information security and electronic document archiving standards further safeguard your documents. While enhanced encryption levels enhance the level of device security.

Save time, save money

30-35 colour prints per minute gets the job done quickly. A generous paper tray, duplex printing and automatic document feeder speed up bigger jobs. Enhanced Media Print lets you preview jobs, and print PDF, JPEG and TIFF files from a USB stick with just a touch of the screen. So you avoid costly mistakes when keying in jobs.

Indirect savings with a direct impact

The print quota management system cuts back unnecessary paper usage, reducing your energy bill. Remote Fax allows multiple users to send and receive faxes on a single network, removing the cost of maintaining multiple fax lines.

looks good, works great

Elegant design with contrasting white-grey colour scheme and tasteful cube form finish. Intuitive interface, stylish graphics and tiltable operation panel.

These MFPs are designed to be functional, attractive and stylish.

professional inline finishing

At last, truly professional print quality. Produce a portfolio of attractively finished documents, with up to 1,000 sheet booklet and staple finishers.

Add a punch unit to prepare sheet documents or booklets for insertion in binders.

No more outsourcing reports, presentations or other essential documents.

smart software

GlobalScan NX provides intelligent scanning options, with simple buttons to scan directly to the desired location using predetermined formats. @Remote, which uses operational data to help you to manage your output devices more efficiently. No more running out of toner!

Your device reorders automatically!

Small benefits that make a big difference.

smart, speedy and green

they multi-task so you don't have to

MFPs that are designed to work with you to make routine jobs easier. There's the automatic Job Promoter that skips a job if there's insufficient paper – and prints the next job in the queue. There's also colour scanning to email, FTP, SMB, NCP, USB/SD or URL, which simplifies a whole host of routine office tasks.

go with the workflow

Speeding up the way you do things is the key to efficient workflow, these devices have a number of clever features for just that, including: the ability to prioritise tasks direct from the by-pass tray, see your jobs clearly with banner page separation and a useful output summary, schedule printing to happen outside peak times, or overnight and even print timetables, tickets and manuals directly from the internet using the Browser Unit.

environmentally responsible

Lanier products have eco-friendly and money saving features such as fast duplex printing and copying, ultra low sleep mode and increased toner yield. This saves paper, time and energy, while reducing waste and costs. Lanier products are also Energy Star compliant, which means less energy is needed to run your device.

Low maintenance, high accessibility

Full front access and loading, easy jam-removal and two-way paper tray save time and do away with hassle. While for wheelchair users, accessibility is made easier by the optional scanner separation, lightweight multi-grip drawers, optional accessibility handle and singlehanded toner replacement.
